

FOR IMMEDIATE RELEASE:

**Cogent Fibre the Leading Exporter of Wood Chips in the Eastern
United States
To Be Featured on
21st Century Business Television series**

Boca Raton, FL (TBD) --- Multi-Media Productions (USA), Inc. is pleased to announce that Cogent Fibre will be featured on *21st Century Business*.

Established in 2005, Cogent Fibre is a privately held company that produces and exports pine wood chips from the eastern coast of the United States. The principals of Cogent Fibre have 45 years of combined experience sourcing, producing, marketing and exporting wood chips. To date Cogent Fibre has exported more than two million metric tons of pine wood chips and is proud to be the leading wood chip exporter on the eastern coast of North America.

Cogent Fibre's wood chips are produced from the necessary tree thinning of private timberlands in the southeastern United States and as part of Cogent Fibre's ongoing commitment to sustainability, are SFI procurement certified. Cogent Fibre wood chips are used in the manufacture of paper pulp, particleboard, medium density fibreboard and for the generation of clean, renewable energy in biomass fired power plants.

"We are excited to have been selected as a guest on 21st Century Business", said Cogent Fibre's, Don McClure. "We have achieved tremendous revenue growth over the last five years due to our ability to consistently deliver quality wood chips." He continued, "We attribute our success to our team's commitment to timely and cogent decision making, but more importantly to our partners and customers who supported us and remained flexible during the recent and extremely challenging economic times."

JL Haber, Vice President of Programming at Multi Media Productions, added, "Cogent Fibre is an industry leader with a unique position in the export sector. We are thrilled to have them as a guest on our program."

About Cogent Fibre

Established in 2005, Cogent Fibre is a privately held company that produces and exports pine wood chips from the eastern coast of the United States. Cogent Fibre is the exclusive wood chip exporter from East Coast Terminals, a world-class wood chip loading facility in Savannah, GA. Cogent Fibre's facility is the only currently active wood chip terminal in the eastern United States, possessing a 150,000 metric ton wood chip storage capacity and ideally positioned in the heart of the abundant US South wood basket. To date Cogent Fibre has exported more than two million metric tons of pine wood chips.
